CONFERENCE FAILED.

No Settlement Reached in the Coal Miners' Strike.

ILLINOIS OPERATORS TO BLAME.

President McBride Addresses a Meeting of Miners and Starts Home—Serious State of Affairs in Colorado—Military on Duty in Iowa—No Disturbance in Ohio. Dispatches From Other Mining Towns.

SPRINGFIELD, Ills., June 1.—The conference of coal operators of Illinois, called to attempt a settlement of the strike, adjourned sine die yesterday afternoon, having accomplished nothing. The operators say "every man for himself and the devil take the hindmost."

Last night President McBride of the United Mine Workers left for Columbus, O. Before leaving he and Vice President Penna addressed a monster meeting of miners in front of the courthouse. Both speakers attributed the blame for the failure of the conference of the operators to the refusal of the Consolidated Coal company to enter it. President McBride said that had Charles Ridgely, the president of the Consolidated Coal company, gone in, a basis for a settlement would have been arrived at and the strike ended. This was the third conference of operators and both officers charged that the continuance of the strike after each was chargeable to the Consolidated people.

The Wabash shops, employing 350 men, shut down here yesterday on account of lack of fuel. The forces at Decatur and Chicago, numbering nearly 100 men, have also been laid off for the same reason.

WAR CLOUDS AT CRIPPLE CREEK.

Miners Preparing a Warm Reception For the Deputies.

CRIPPLE CREEK, Colo., June 1.—The war clouds that hover over Bull Hill and Battle Mountain look very threatening. A rumor has reached the camp that the deputies are preparing to advance toward Bull Hill, and the miners are preparing to give them a warm reception.

There is no truth in the rumor that the miners have a lot of deputies prisoners. The strikers are making prisoners of men whom they consider dangerous to their safety, and it is stated that 30 persons are thus held in custody.

The strikers surrounded the Summit mine yesterday, captured three non-union miners and destroyed the telephone.

Mrs. W. D. Snell, wife of one of the miners employed in the Strong mine, has been driven from the camp. The strikers threatening to take her life and destroy her property, if she remained. Her husband, who has incurred the enmity of the mob, suddenly disappeared several days ago, and she believes he has been murdered. She was not permitted to look for him before leaving for Colorado Springs.

No stages have entered or left Cripple Creek for the past 24 hours and no railway communication has been had for three days. In consequence anxiety is increasing on the part of those who wish to leave. In spite of rain and bad roads, many men have sent their wives and children to places of safety.

The miners have great faith in Governor Waite being able to adjust matters with the mine owners so that work may be started on all idle properties by the first of the week at the latest. They are greatly put out that his excellency has been delayed in his journey to Colorado Springs by washouts.

LAWLESSNESS AND INSURRECTION.

The Trouble at Cripple Creek Has Gone Entirely Too Far.

COLORADO SPRINGS, June 1.—The authorities have notified the mine owners, who have properties at Cripple Creek, that the trouble in that district has gone entirely beyond the question of wages or of arbitration of wages. It is now, they state, entirely one of putting down the lawlessness and insurrection existing in the district, and they propose to make every effort to do this.

For this purpose a special session of the grand jury has been called and the Cripple Creek cases will at once be taken up. People who live and do business in Cripple Creek are coming to Colorado Springs in large numbers, as they state they no longer dare remain at their homes. The majority have been ordered to leave by the striking miners. They tell stories of outrageous treatment and innumerable threats from the strikers.

Deputies Sent to Cripple Creek.

DENVER, June 1.—The sheriff sent 150 more deputies to Cripple Creek yesterday. They were all armed with Winchester, carried blankets, and were equipped for hard service. They will stop at Colorado Springs until the road into the camp has been repaired. Chicago has offered 1,000 men at \$2 a day, but the proposition was declined by Sheriff Bowers of Colorado Springs.

A BOLD MOVE.

Business Men Resolve to Protect Nonunion Miners.

LEAVENWORTH, Kan., June 1.—Business men of Leavenworth, fully 500 strong, made a bold move in a big mass-meeting yesterday evening. They resolved unanimously to give the miners of this city, who desire to work, protection in the fullest sense of the word, and if necessary resort to physical force in the accomplishment of this end.

Governor Waite and party are weatherbound near McCourt camp, and there is no telling when he will get here. The governor is greatly disap-

pointed, as he fears the deputies will make an advance.

General Johnson, who commands the strikers' forces, served with Captain Zainski in the United States army, and it is said his knowledge of the principles of the Zainski dynamite guns has enabled him to construct a dangerous weapon, which will be used against the deputies. It can throw dynamite several hundred feet.

Such decided action was made imperative by the assemblage of a number of Missouri strikers at the North Leavenworth shaft yesterday morning when one-third of the men employed there were forced to return home.

Ex-Mayor Hacker presided, and stated that the object of the assemblage was to organize a strong body of citizens to protect the miners in the peaceable pursuit of their avocation.

The miners sent committees to the meeting to inform it of their willingness to work, and asked for protection.

While the meeting was in progress 100 Missouri miners and sympathizers, headed by a man named McGregor, marched to the city hall, where the citizens were assembled. About half the strikers forced their way inside and McGregor asked permission to talk. He began a tirade against the people, and openly defied the assemblage and the city and the county of Leavenworth. He was stopped by Colonel Anthony, who made a motion that McGregor be driven from the building and out of the city forthwith, and that his emissaries be dispersed. An awful uproar followed, but peace was finally restored with difficulty. A committee was appointed to organize volunteers for the protection of the miners.

IN PENNSYLVANIA.

Governor Pattison Denounced For the Proclamation.

SCOTSDALE, Pa., June 1.—The leaders of the miners' organization are strongly opposed to Governor Pattison's proclamation. Not one of them recognized any necessity for such a manifesto, and all deny that he has any constitutional authority for the demands made in it. There is but one feeling among the strikers, extending from the leaders down to the last of the foreign arrivals in the country.

That is expressed in their determined declarations that they have an undisputed legal and logical right to march in peace along the public highways, and to hold meetings wherever anybody has the right to public assembly, and that they will continue to exercise these rights until stopped by an overpowering force in the shape of the bullets and bayonets of the state troops.

A meeting is called for the district about the southwest plant, and it is claimed that thousands of men will be present.

Meeting of Ministers.

SCOTSDALE, Pa., June 1.—At a largely attended meeting of citizens last night, presided over by Burgess Robertson, speeches were made by all the ministers of town and by several business men. Resolutions were adopted declaring that the calling out of militia for the region is entirely unnecessary, deploring the importation of men to man the industries; condemning the introduction of the Gatling gun into a civilized community, and asking that impartial justice be meted out to all workmen and operators alike. A copy of the resolutions were sent to Governor Pattison.

IN IOWA.

Militia on Duty but Nothing For Them to Do.

OSKALOOSA, Ia., June 1.—The presence of the military companies at Evans seemed to dishearten the strikers for a time, but they rallied from their surprise and marched to this city where a great mass-meeting was held in the public square.

The speakers disclaimed any intention to do violence, and scored the calling out of the troops. It was asserted that it was not a strike, but merely a suspension of labor, and that they proposed to stand firm until the demands were satisfied in other fields.

Miners Forced to Quit.

KEOKUK, Ia., June 1.—A delegation of strikers marched from Centerville to Dean, Ia., yesterday afternoon, and forced the miners in a private mine operated for the Keokuk and Western railway to stop work. The railroad is hard pressed for fuel, and has taken off local freight trains two days each week.

Trouble Looked For.

PANA, Ills., June 1.—As the working miners came out yesterday evening they were met near the premises of the companies and threatened by strikers. Trouble of a serious nature is looked for.

Got an Advance.

CHEROKEE, Kan., June 1.—The miners at Fleming have been offered and have accepted 3 1/2 cents in summer and 4 cents in winter, and yesterday went to work.

IN KENTUCKY.

The Strike Almost Complete as Nearly All the Mines Have Closed.

HAWESVILLE, Ky., June 1.—Everything is quiet at the Falcon mines. The 100 men from McHenry have not arrived here yet, but are expected hourly. About half the miners quit work yesterday afternoon and are in sympathy with the strikers.

The miners at Fordsville, Deaneville and Reynolds on the falls of Rough railroad have been closed by the strikers. It is thought that they will move across to Cannelton, Ind., from Falcon and close down the mines there.

Stopped a Train.

BRAZIL, Ind., June 1.—Sheriff Ringo of this county has received instructions from Governor Matthews to use his influence in preventing the molesting of trains by the miners. Last night a

crowd of strikers pushed a boxcar on the main track of the Vandavia, stopping a westbound freight which was supposed to be hauling coal, but no coal was found and the train was released.

All Well Armed.

MACON, Mo., June 1.—The Loomis Coal company has declared its mines open for work, but engaged no miners. The strikers have their guns stacked at their camp outside of the coal company's fence, and the officers fear a conflict at any time. The negroes have plenty of guns at their quarters and the coal company has hired guards, and the deputy marshals are well armed.

Ten Cents a Bushel For Slack.

POMEROY, O., June 1.—All is quiet in mining circles in the Pomeroy Bend. The six men at work in the New Haven mine quit yesterday, and the works at Spillman are "dead." There is no coal on the flats there, and the Bonanza had to coal at the mouth of Kanawha last night, paying 10 cents a bushel for slack.

No Coal Moving.

TRIMBLE, O., June 1.—Nothing is being done at Glouster by the strikers. The coal is still there, and the railroad is not hauling any more. There is nothing to indicate any trouble at present. All the troops and authorities have left.

Coal Fans Running Again.

LA SALLE, Ills., June 1.—The two last companies of militia left here yesterday, and so far all is quiet. The fans at the coal shafts are running again, and men are engaged hoisting water from the mines without molestation.

Miners Quiet.

MINONK, Ills., June 1.—The miners continue quiet and undemonstrative.

KELLYITES DIVIDED.

Five Hundred of His Men Want to Travel Under a New Leader.

ST. LOUIS, June 1.—The commonwealth army of General Kelly, now in camp here, divided yesterday, and 500 of the men under Colonel George Speed of California will hereafter march or float by themselves. The cause is the alleged arbitrariness of Kelly, not the least incident in which is his persistence against the wishes of the men, in allowing two women to remain with the army. Speed will endeavor to enforce a division of the commissary of legal methods.

Late yesterday afternoon Colonel George Speed, head of the seceding part of the command, with J. D. Jones, the agent of the Chicago publishers, and several of the officers of the rebellious staff appeared before Judge Lubke of the circuit court. They charged Kelly with illegal retention of the entire commissary stores and equipment of the fleet, and they wanted authority to compel Kelly to give an account of his receipts and disbursements of money contributions.

Judge Lubke told Colonel Speed that he had a perfect right to surround the commissary boats and prevent their removal and then to apply for a receiver.

The existing troubles do not seem to have any effect upon the recruiting, some 300 men having joined the army since its arrival here.

Deputy Sheriff Smith of Butler, Mo., left here last night, having in custody Attorney General James W. Badger of General Kelly's army. Badger is wanted at Butler on the charge of carrying concealed weapons, having, it is said, jumped a bond of \$100 in this case about four years ago.

Fry Did Not Go Far Enough.

HUNTINGTON, W. Va., June 1.—General Fry's army of commonwealthers, 300 strong, were expected to reach this city last night on their way up the Ohio river, and a big lot of provisions awaited them here which had been gathered by the labor unions. At 9 o'clock, however, they laid up at Burlington, O., four miles below here. Hundreds of people had flocked to the banks of the river to see them and were disappointed.

Gets Off Cheaply.

PORTSMOUTH, O., June 1.—Fry's army of commonwealthers passed the city at night in view of several thousand sightseers. The city's offer of \$30 not to land was accepted, hence the army's sudden departure.

Took a Passenger Train.

BOSCOBEL, Wis., June 1.—An Iowa contingent of Coxeyites, after waiting all day for transportation east, took forcible possession of the passenger train going east last night and could not be ejected.

Out of Work and Hanged Himself.

GALLIFOLIS, O., June 1.—J. Harry Russell, a well known young man of Poplar Ridge, this county, ended his life yesterday by stringing himself up to an apple tree. When found his face was badly discolored and he was cold in death. Russell assigned no cause for the deed but had been out of work.

Declared a Draw.

NORFOLK, June 1.—The Gibbons-Johnson contest, 24 rounds, was declared a draw. It was stopped by the sheriff of Norfolk county. No blood. No knockdowns. Gibbons was thrown heavily three times. Johnson had the best of the fight.

Several Stores Burned.

MAYSVILLE, Mo., June 1.—Early yesterday morning fire destroyed the greater portion of the business part of this town. Several grocery stores, a meat market, barbershop, furniture store and clothing store were burned. Origin unknown. Loss \$30,000.

Kentucky Republicans.

FRANKFORT, Ky., June 1.—The state league Republican clubs held their annual convention here yesterday. About 500 delegates participated.

FLOOD IN COLORADO.

Three Lives Lost and Great Destruction Done to Property.

STARTLING RUMORS AFLOAT.

Loss of Life Will Probably Be Increased. Platte River Still Rising—Entire Villages Inundated—Over Three Inches of Rainfall and Still Pouring Down—Railroad Traffic Almost Entirely Suspended.

PUEBLO, Colo., June 1.—Three lives are known to have been lost in the flood of Wednesday night, and it is barely possible others have gone down to a watery grave, but the full details will not be known until the river subsides to somewhere near its normal limits. The dead body of Barney Rafferty was found yesterday near the roadhouse, in the St. Charles, three miles below the city. He met his death, it is believed, while attempting to cross the Bessemer ditch.

At 10 o'clock yesterday, in full view of 500 people, an unknown Italian was drowned near the Union Pacific, Denver and Gulf railroad, within a short distance of the business center of the city. The man started from the depot to walk north, the water being about three feet deep, but went too far east and stepped off into a hole, where the water was probably 10 feet deep. The crowd of spectators, supposing he had simply made a slight misstep, greeted his floundering with a laugh. The fellow, however, disappeared completely, came up again, gave a despairing cry and went down, not to appear again.

The horror of the situation at once dawned upon the onlookers and several strong swimmers dove repeatedly, but 10 or 15 minutes unavailing work, convinced them further effort was useless, as death had surely come. About noon the body was recovered. Though a large number of people had viewed the corpse, his identity has not yet been learned.

Early last night word was received that a body had been found two miles down the river, and it has been sent for. Various rumors of other fatalities are current, but these alone have been verified as above.

Mrs. Gallen, who lives at Union avenue and D street, says late Wednesday night she saw a man fall into a hole over which the water was rushing at a rapid speed. His two companions made an endeavor to pull him out, but the water carried the man away, she says, and his companions hastened away for their own safety.

Half a dozen rumors of a similar nature are current. Some have been exploded by the persons said to have been lost turning up, and the others are discredited. Most of the sensational stories have been proven untrue.

Fortunately as the waters receded the indications became more favorable for a smaller property loss than was at first expected, and it is now believed that \$100,000 will cover most, if not all, of the damage. Though a number of buildings have fallen in and others are damaged beyond repair, they are almost entirely small structures of frame or adobe, and had seen their greatest usefulness.

All the large business blocks that were flooded have stood the trial well, and it is confidently believed that foundations and walls are little if any damaged.

John K. Shireman, the clothing merchant at 307 South Union street, probably experienced the greatest loss. His store is about three feet below the grade of the street and the water covered his entire stock. The loss is estimated at \$15,000.

A. Englehart & Company, dry goods merchants, had the next greatest loss. The supports in the center of the building gave way, tumbling all the shelving and counters in a confused mass in the center of the room. Loss \$7,000. The other losses range from \$100 to \$6,000, most of them being under \$2,000.

Railroad Company Running Boats.

PORTLAND, Or., June 1.—No trains have arrived from the east over the Union Pacific since last Saturday. The company has put on boats at Umatilla, but is experiencing great difficulty in making portages at the Dalles and Cascade.

Telegraphic communication along the Columbia is cut off to Umatilla, and the only means of reaching eastern Oregon and Washington is by a circuitous route. Miles of the Union Pacific track along the Columbia is washed out, and it will probably be more than a week before another train reaches this city over that route.

The Northern Pacific manage to keep passengers and mails moving by pressing into service the large transfer boat used at Kalama.

The northern part of the city, as far back as Ninth street, is a vast lake, and business in the wholesale district is entirely suspended. The absence of any current in the Willamette river, makes navigation by boat very easy, and hundreds of small boats are being used along Front, First and Second streets from Adler street to the north end. The river is at a standstill.

The damage to the Union Pacific tracks between Portland and Umatilla will, it is thought, reach into the hundreds of thousands. Great damage has been done to farmers living along the Columbia river in the loss of stock and crops.

Weather Bureau's Report.

DENVER, June 1.—The weather bureau reports the rainfall in Denver as an inch and at Pueblo three inches, and it is still raining. Platte river is still rising. It has now reached the top of the banks at Globeville, a suburb of Denver, having 300 inhabitants, and the village is likely to be flooded at any moment.

At Idaho Springs, Colo., a heavy

downpour of rain since Tuesday night has caused serious washouts in Virginia canon and Fall river. The down train on the Colorado Central, which left Idaho Springs at 3:30 Wednesday afternoon, has been stuck at the mouth of Virginia canon ever since with small prospects of getting through. The rain is the heaviest in 10 years.

Reservoir Endangered.

PALMER LAKE, Colo., June 1.—The water has undermined the walls of the large reservoir, situated at the mouth of the Big canon, just above the village, and it is momentarily expected to collapse.

The reservoir is 100 feet wide, 300 yards long and 20 feet deep. Nine hundred feet beneath it and three miles west of here is another large reservoir which will undoubtedly give way if the first one does. Citizens of Monument and Husted and also Colorado Springs have been warned.

Fleeing For Safety.

LONGMONT, Colo., June 1.—The heaviest rainstorm ever known in this region began Wednesday and still continues. Many residents of the lower part of the town are fleeing from the rising waters with such personal effects as they can carry. The Gulf and Burlington tracks are submerged and washed out for hundreds of feet in many places.

Half the Town Under Water.

LYONS, Colo., June 1.—There is a heavy flood here, and half the town is under water. Several houses have been swept away, stock lost, bridges gone and much property is still in danger. The waterworks have been destroyed. The water is still rising, and many houses are threatened. No lives are known to have been lost.

Cave-In Delays Trains.

ASPEN, Colo., June 1.—Owing to a cave-in in the Hagerman tunnel no trains have reached Aspen over the Colorado Midland since Wednesday. The extent of the cave-in is not known.

AMUCK WITH A DIRK.

Horrid Deed of a Chicago Ripper, Supposed to Be a Maniac.

CHICAGO, June 1.—Armed with a dirk knife and acting like a maniac, a veritable Jack the Ripper created terror on the North and West Sides Wednesday night. Two persons became victims of the maniac and are now at hospitals, terribly slashed and in a critical condition. They are: Martin Peterson, stabbed in the back and abdominal cavity; can not recover. John Long, cut on the neck four inches long, cervical vertebrae bared; is in a serious condition. The fiend with the knife is still at large. The assaults were unprovoked and it is the opinion of those who witnessed the murderous deeds, that the man is insane.

Frank O. Stannard Indicted.

INDIANAPOLIS, June 1.—The United States grand jury yesterday returned an indictment against Frank O. Stannard of Lawrence county, charging him with conspiracy in the Indianapolis National bank trial, in which Stannard endeavored to act as a go-between the defendants and Juror Armstrong. Armstrong was sentenced for 18 months in the penitentiary. Stannard is not to be found and his bond of \$4,000 has been declared forfeited.

Fell From a Trapeze.

OMAHA, June 1.—Mrs. Clark, a trapeze performer, was fatally injured here by a fall at Courtland Beach, a summer pleasure ground. One of the principal feats by Mrs. Clark and her husband was a flying jump of Clark's, in which he is caught by a rope held in the hands of the woman, who hung by her feet from the highest trapeze. Both fell a distance of 20 feet. Clark was not seriously injured.

Nonunion Coolers Engaged.

LIVERPOOL, June 1.—One hundred nonunion laborers have been engaged to coal the Cunard steamship Gallia, but considerable difficulty is being experienced in coaling these steamships owing to the strike. The Campania of the same line is being coaled by 250 non-union men. The strikers are endeavoring to persuade the miners to join in the boycott of the Cunard steamships.

Death of the Oldest Freemason.

AMESBURY, Mass., June 1.—Captain Nathan Peters, the oldest Freemason in the United States, died yesterday afternoon. He was born in Goshen, N. H., in 1803 and joined the Masonic fraternity in 1823. In early life he was one of the pioneers in cloth making, operating a plant at Haverhill, Mass. His later life was spent quietly upon his farm at South Hampton, N. H.

Papermill Burned.

DAYTON, O., June 1.—The Ohio Valley papermill burned at Williamsburg yesterday afternoon, entailing a loss of \$50,000, one-half insured. The mill was owned by G. H. Friend & Company and had been idle for several days by reason of the water being out of the canal. The fire started in the ragroom from some unknown cause.

Kept Out of the Coke Region.

PITTSBURG, June 1.—One hundred Poles and Slavs on their way to the coke regions, presumably to work in the Frick plants, were taken in charge yesterday by their countrymen here, and will not reach the coke region. The strike situation in this district has few changes to note.

New Bulgarian Cabinet.

SOFIA, June 1.—A new cabinet has been formed under M. Stoeloff. It is composed as follows: Premier and minister of the interior, M. Stoeloff; foreign affairs and public works, M. Nacevics; finance, M. Gueschoff; justice of education, M. Radoslavoff; war, M. Petroff; commerce and husbandry, M. Tontcheff.

FRIDAY, JUNE 1, 1894.

Fair weather, preceded by showers in central portion in the early morning; warmer.

The Covington Commonwealth refers to the parties who are assailing President Cleveland as "a few misguided loons and rumped rascals."

FIFTY-THREE head of thoroughbred horses, all save one being yearlings, were sold at Latonia this week for \$43,150, an average of \$814. This is nearly \$10,000 a dozen, Br'er Davis. Pretty fair price for these "hard times," isn't it?

The gold receipts at the Denver mint in May amount to \$506,923. In May, 1893, the receipts were \$99,148, showing for the past month an increase of 411 per cent. At this rate of increase there ought to be plenty of the yellow metal after awhile.

NEWSPAPER readers have no doubt noticed that most of the trouble and disturbances resulting from the present coal strike have been caused by a lot of foreign miners. As a rule the native miners are willing to resume work, but these foreigners won't let them. The country is reaping the evil results growing out of the greed and avarice of the coal barons..

LOBBYIST BUTTZ referred the Senate bribery investigating committee to Claim Attorney Holeman, who referred it to Lobbyist Harris, who is dead. Taking his cue from Buttz, Correspondent Edwards wards likewise runs his of the investigation into the ground by giving as his authority for certain statements ex-Speaker H. W. Hoyt, of Connecticut, who is dead and unable to contradict him. The Philadelphia Press "scoop" seems to have gathered nothing but wind, remarks the Courier-Journal.

THIS from the Owensboro Inquirer is to the point: "Will Marse Henry tell us just what he wants? The Democratic programme does not suit him, the Republican programme does not suit him, and the Populist programme does not suit him. Perhaps the Miphwag hen can carol a few dulcet strains that will smooth the wrinkles in Marse Henry's corrugated brow." Marse Henry and some other carping Democratic editors ought to hunt up the tariff plank in the last National platform and study it a little more.

A REPUBLICAN organ which has time and again insisted that the business depression of the country was due to uncertainty about the tariff, and yet which is demanding that the Republicans of the Senate prolong the uncertainty indefinitely, says:

No general tariff bill has ever become a law so soon in a session as this, and no tariff law has ever passed the Senate without being debated section by section, and no bill ought to pass without such consideration.

Our contemporary should brush up in history a little, the Courier-Journal replies. The great Walker tariff law passed the Senate in less than a month after it was received from the House.

THE Republicans seem to have an idea that they can elect some of the candidates whom they may nominate at their approaching convention, and this not because they have anything like a majority of the voters, but they are counting largely on disaffection in the ranks of their opponents. Then will be the time for every man calling himself a Democrat to undeceive these gentlemen by voting the straight ticket, no matter who the Republicans may select as their nominees, nor by what names they may be known. Let them be given to understand that Democrats are not a lot of ninnies, ready to be hoodwinked by a set of deceitful demagogues; and that if their hope of electing any of their nominees depends on Democratic votes, they are reckoning without their host.

Is Goebel a Candidate?

FRANKFORT, May 30.—Hon. Wm. Goebel, of Covington, will probably not be a candidate for Judge of the Court of Appeals. Senator Goebel was here a day or two ago, and was in close consultation with Auditor Norman, Attorney General Hendrick and other political friends. They admit that he may not be a candidate, and assign as a reason that he does not want to give up his large and lucrative law practice. The opinion among well informed politicians is that Mr. Goebel will maintain a position so as to name the Kenton County delegates. In the event that he is not a candidate he would then be enabled to throw the nomination to Colonel George Washington, of Newport.

Catarh Cured.

No Incurable Cases Taken.

COMING VISIT, WEDNESDAY, JUNE 6th. One Day, Till 3:30 p. m.

DR. APPLEMAN is a graduate of Bellevue Hospital Medical College, New York City, and has had seven years experience in the great hospitals of that city. His wonderful work—

HUNDREDS of CURES,

have caused the old fogey doctors of the State so much uneasiness that for the past two years they have been doing all in their power to stop his practice. Shall the sick remain sick, and the suffering continue to suffer? Yes, says the general practitioner, rather than let Dr. Appleman help you. NO, says Dr. Appleman,

Come to Me and Be Cured if it is in My Power to do it.

John Whittington, 216 N. Walnut street, Maysville, says: "I have tried seven doctors and none have done me any good. Have not worked for six months. I am now able to work after one month of your treatment." "The doctors are astonished, and ask, 'What is he doing?' Is that enough?" H. H. King, Helena, M. D. Cord, Flemingsburg, Chas. Asbury, Maysville, L. J. Wells, Helena, and fifty others can and do speak of the good Dr. Appleman is doing. Consult this eminent Specialist on his coming visit. He treats

THE SCHOOL BOARD.

Business Transacted at the Regular Monthly Meeting Last Evening.

List of the Teachers Chosen For Ensuing Year—Result of the Recent Census.

The regular monthly meeting of the Board of Education was held last evening, President Wadsworth presiding. All the members were present except two.

The minutes of the preceding meeting were read and approved. At this last meeting the salary of the Treasurer of the Board was fixed at \$100 a year. The result of the recent school census was also reported at the last meeting and was as follows:

WHITE.	
District No. 1.	
Males.....	199
Females.....	242
Total.....	441
District No. 2.	
Males.....	171
Females.....	200

Districts No. 3 and 4.	
Males.....	274
Females.....	269
Total.....	543
COLORED.	
Males.....	208
Females.....	209
Total.....	417
Grand total.....	1766

A small list of accounts were allowed and ordered paid, together with the salaries of the teachers for the month.

The Committee on Buildings was given further time to report as to the necessity of an addition to the colored school building and the advisability of selling the Fifth and Sixth ward buildings and erecting a new house on the public square at Third and Union streets for the two wards named.

The trustees of the colored school in Sixth ward were authorized to contract for the room now used for another year at \$3.50 rent per month.

Principal Rowland, of the High School, addressed the Board on the subject of grading and promoting the pupils. Heretofore an average of 60 per cent. entitled a pupil to promotion. Mr. Rowland thought this was too low, especially to promote a pupil from one school to another. Children only ten years of age had gotten into the Intermediate school under this low grading. These were not prepared to take up the studies of that department and as a result they held the classes back, and some of them after a three years course in the Intermediate school were not yet ready to go up higher.

Mr. E. Swift, Principal of district No. 4, suggested there ought to be a uniform system of examinations, especially for promotions, and he said the teachers were unanimous on this point. He offered a resolution which the teachers had agreed upon, bearing on the subject. This fixes the general average at 70 per cent. with not less than 60 per cent. in arithmetic and grammar and not less than 50 per cent. in other studies.

The matter of grading and questions for examination was referred to the Board of Examiners. The Board will meet next Monday at 4 p. m.

The resolutions offered by Mr. Swift were referred to the Committee on Rules and Regulations.

The subject of revising the curriculum was referred to the Committee on Text Books.

The question of electing a Superintendent of the High School was postponed.

The Board then proceeded to the election of teachers for ensuing year, with the following result:

HIGH SCHOOL.	
Principal Male Department—J. H. Rowland.	
Principal Female Department—Miss Fannie I. Gordon.	
Assistant and Teacher of Drawing—Miss Julia Stone.	
INTERMEDIATE SCHOOL.	
Principal—J. W. Asbury.	
Assistant—Miss Ella B. Metcalfe.	
DISTRICT NO. 1.	
Principal—H. C. Smith.	
First Assistant—Miss Belle Golling.	
Second Assistant—Miss Elizabeth Cartmell.	
DISTRICT NO. 2.	
Principal—Hayes Thomas.	
First Assistant—Miss Florence Wilson.	
Second Assistant—Miss Mamie Perry.	
DISTRICT NO. 3.	
Principal—W. T. Berry.	
First Assistant—Miss Anna Campbell.	
Second Assistant—Miss Sallie Burrows.	
DISTRICT NO. 4.	
Principal—E. Swift.	
First Assistant—Miss Sue Grant.	
Second Assistant—Miss Bessie Martin.	

COLORED SCHOOL.

Principal—J. R. Spurgeon.
First Assistant—Alice Paxton.
Second Assistant—Miss Young.
Third Assistant—Mary Britton.

Mr. Asbury, the new Principal of the Intermediate school, taught at Mayslick a few years ago, but is now teaching at Somerset, Ky. He is a graduate of the Glasgow (Ky.) Normal School, and comes very highly recommended by some of the most prominent educators of the State.

Miss Wilson, the new first assistant in district No. 2, is a daughter of the late Josiah Wilson, and graduated from the High School a year ago. Miss Perrie, the new second assistant in the same district, is a successful teacher, having had several years' experience in the schools of the county.

The teachers who were re-elected received the unanimous vote of the Board. After electing janitors for the various school buildings the Board adjourned.

FROM FRYING-PAN TO FIRE.

The Trio of Suspected Crooks Recaptured, and May Have to Answer For Highway Robbery.

Charles Smith, Charles Desmond and Frank Brown, who made such a daring break for liberty Thursday morning, were recaptured on the highway about two miles east of Ripley, and the officers had the accused back in the Maysville Police Court by 1 o'clock in the afternoon.

Judge Wadsworth, Policeman Stockdale, Guard James Moulden, Mr. Henry Wadsworth and Mr. Earnest Roden, of this city, and Deputy Marshal Shelton, of Aberdeen, were the parties who overhauled the prisoners and brought them back.

Mr. Moulden was in close pursuit of the trio from the time of their escape. The prisoners hired Mr. Atkinson to take them across the river in the West End, and as the party left the skiff on the Ohio side Mr. Moulden was leaving the Kentucky shore. The prisoners took the public road, and Moulden was on their trail when the other officers, mentioned above, in buggies joined him near Charter Oak Cemetery, with the result as detailed. The officers ran on their prisoners before the trio were aware of the fact that their pursuers were so close. They surrendered, but made a strong kick against being brought back to Kentucky. On reaching Aberdeen, Deputy Marshal Shelton took charge of them and brought them down on the ferry and the Kentucky officers afterwards placed them in custody.

A fresh charge of highway robbery was placed against the men, and the trial was postponed until this morning. Judge Wadsworth declined to preside and L. W. Galbraith was elected special Judge. The trial is in progress.

In addition to Mr. Moulden's shotgun and pistol, the prisoners took his watch and over \$3 in money from him.

TRAGEDY NEAR MINERVA.

Mr. Garrett Donovan Shoots and Probably Fatally Wounds One of His Tenants.

A deplorable tragedy occurred near Minerva at 7:30 this morning.

Mr. Garrett Donovan, one of the prominent farmers of the county, shot and probably fatally wounded Squire Kabler, one of his tenants.

Kabler was wounded in three places, once in the kidneys and once in the lungs. He has a wife and a large family of children.

The cause of the trouble has not been learned.

THE Sharpsburg World entered upon its third year this week. It's a lively youngster.

GENERAL FRYE's hobos did not fare as well at Portsmouth as they did here in Maysville. They were not permitted to land and had to move on up the river.

MR. GEORGE H. MARTIN contemplates going to Mississippi in the not distant future to take charge of the Union Central Life Insurance Company's business in that State.

REV. C. D. MITCHELL has tendered his resignation as pastor of the Dover Baptist Church. He is suffering from throat trouble and his physician advised him to quit preaching.

FLEMING NEWS: "Misses Belle and E. Stockwell gave a soiree last Saturday evening, at their home on Mt. Sterling avenue, in honor of Misses Elizabeth Bland and Nannie Metcalfe, of Maysville. It was a delightful affair."

SOME years ago the New Orleans Picayune published one side in English and other side in French for the convenience of its cosmopolitan readers. The Paris Kentuckian-Citizen favors Colonel Breckinridge on one side of its issue and pours hot shot into him on the other side, one of its editors espousing his cause while the other is opposed to him.
